

Jewish Community Relations Coalition of New Mexico (JCRC NM) Asks you to call your Senators and Representatives Now and ask them to Stand with Israel

Members of Congress are facing an unprecedented avalanche of anti-Israel calls demanding imposition of an immediate ceasefire regardless of the impact on Hamas' capability to rearm and launch more missiles and another terror attack on Israeli citizens. Israel has agreed to regular humanitarian pauses and is in negotiations now for a temporary halt in hostilities to enable hostages to come home. Our New Mexico Congressional delegation needs to hear from New Mexicans now to support Israel.

Please call your Senators and Representative with the message below. If the line is busy or it is after hours, leave a message.

Senator Martin Heinrich: 202-224-5521
